**General Marshall
Middle School
Bilingual
Counselor**

I got my bachelor's degree in Psychology from La Sierra University and received my master's in school counseling from Point Loma University both in California. I have been a counselor for an extended period and have worked in Texas for the past 11 years. I have served in all grade levels; however, Middle School is my favorite place to be.

I look forward to working with our 6th-grade students and their families this school year. As a community of educators, students, and families, I hope that we will unite to establish a positive, inclusive, and productive culture at our emerging campus.
